

### **433mhz rf transmitter and pdf**

The product adopts RF technology, with long remote control distance and stable signal. The receiving module provides high signal sensitivity at lower cost and resist interference for excellent stability.

Yes, sure! You can buy a Sonoff RF and you are good to go, I guess. But I didn't and I was not so sure about the no-named RF receiver so I ended thinking about adding my own. But first things first.

## **Adding RF to a non-RF ITEAD Sonoff - Tinkerman**

The transmitter and receiver communicate across a 433MHz frequency ( or 315MHz...really depends on what module you use). The transmitter is the smaller module having 4 pins :-
