

### **a chord scale approach pdf**

Originating with George Russell's Lydian Chromatic Concept of Tonal Organization (1959), the chord-scale system is now the "most widely used method for teaching jazz improvisation in college". This approach is found in instructional books including Jerry Bergonzi's Inside Improvisation series and characterized by the highly influential Play-A-Long series by Jamey Aebersold.

A borrowed chord (also called mode mixture, modal mixture, substituted modal interchange) is a chord borrowed from the parallel key (minor or major scale with the same tonic). Borrowed chords are typically used as "color chords", providing harmonic variety through contrasting scale forms, which are major scales and the three forms of minor scales. Similarly, chords may be borrowed from the ...
