Looks at the structure of the UK construction supply chain and identifies areas for cost savings. BIS research paper 145.

Construction industry: supply chain analysis - GOV.UK

This payment charter applies to all parties to construction contracts. It aims to create a more collaborative culture and ensure a strong, resilient and sustainable supply chain.

Construction supply chain payment charter - GOV.UK

Construction delays in residential and light construction are often the result of miscommunication between contractors, subcontractors, and property owners. These types of misunderstandings and unrealistic expectations are usually avoided through the use of detailed critical path schedules, which specify the work, and timetable to be used, but most importantly, the logical sequence of events ...

Construction delay - Wikipedia

Supply. A supply is the procurement, distribution, maintenance while in storage and salvage of supplies, including the determination of kind and quantity of supplies. The producer phase of a military supply extends from determination of procurement schedules to acceptance of finished supplies by the military services. The consumer phase of a military supply extends from receipt of finished ...
