Advanced Framing Construction Guide - APA

For over 20 years, ST Fastening Systems has offered products with unparalleled structural strength and protection against corrosion. The development of these products came from innovative problem solving by our board certified engineering department, using the most advanced technology, and manufactured with an emphasis on quality.

The Homepage of ST Fastening Systems Building Fasteners

Comprehensive guide to engineered wood construction systems for both residential and commercial/industrial buildings. Includes information on plywood and oriented strand board (wood structural panels), glulam, I-joists, structural composite lumber, typical specifications, and design recommendations for floor, wall, and roof systems, diaphragms, shear walls, fire-rated systems, and methods of ...
