Learn how Oracle Big Data technologies deliver a competitive strategy on a unified architecture to solve the toughest data challenges. Start a big data journey with a free trial and build a fully functional data lake with a step-by-step guide.

### **Big Data | Oracle**

Big Data is amazing. It describes our everyday behavior, keeps track of the places we go, stores what we like to do and how much time we spend doing our favorite activities. Big Data is made of numbers, and I think we all agree when we say: Numbers are difficult to look at. Data visualization lets ...

Big data: from volume to more volume but mainly to value. It's easy to see why we are fascinated with volume and variety if you realize how much data there really is (the numbers change all the time, it truly is exponential) and in how many ways, formats and shapes it comes, from a variety of sources.
