Anthropomorphism is the attribution of human traits, emotions, or intentions to non-human entities. It is considered to be an innate tendency of human psychology.. Personification is the related attribution of human form and characteristics to abstract concepts such as nations, emotions, and natural forces, such as seasons and weather.. Both have ancient roots as storytelling and artistic ...

[Edit 3/2014: I no longer endorse all the statements in this document. I think many of the conclusions are still correct, but especially section 1 is weaker than it should be, and many reactionaries complain I am pigeonholing all of them as agreeing with Michael Anissimov, which they do not; this complaint seems reasonable.

We are four-dimensional beings. As I argue in my new book Time Loops, our behavior at any given moment is shaped not only by the exigencies of that moment and what has preceded it, but also by what comes next; we are informed by things we will learn in our future, not just by what we know from our past. It goes by many names: Teleology is an old one; syntropy is a newer idiom; retrocausation is ...
