Challenges for human resource management and global business strategy Challenges for human resource management and global business strategy. Companies must navigate the choppy waters of a complex global economy, and position themselves to attract and retain the workers they will need on this journey.

Challenges for human resource management and global

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
