irrational exuberance - Brandeis University

On this daring and doubtless urgent amount, Robert J. Shiller, a revered expert on market volatility, provides an unconventional interpretation of present U.S. stock market highs and reveals that Alan Greenspan's time interval "irrational exuberance" is an efficient description of the mood behind the market.

Irrational Exuberance

Irrational Exuberance is a March 2000 book written by Nobel Prize-winning Yale University professor Robert

J. Shiller, named after Alan Greenspan's "irrational exuberance" quote. Overview. Published at the height of the dot-com boom, the text put forth several arguments demonstrating how the stock markets were overvalued at the time. The stock market collapse of 2000 happened the exact month ...

Irrational Exuberance: Robert J. Shiller: 9780767923637

Robert J. Shiller's Irrational Exuberance challenges the conventional thinking on financial markets, especially the "efficient markets" theory. Shiller examines the role of media, the herd mentality, psychology, as well as so-called "new era" philosophy in shaping the beliefs and behavior of investors. Shiller does not claim that ...

Irrational Exuberance: (Second Edition) on JSTOR

In his best-selling Irrational Exuberance, Robert Shiller cautioned that society's obsession with the stock market was fueling the volatility that has since made a roller coaster of the financial system. Less noted was Shiller's admonition that our infatuation with the stock market distracts us from more durable economic prospects. These lie in ...

Irrational Exuberance: Revised and Expanded Third Edition

By this point one mainly reads Robert Shiller's "Irrational Exuberance" for the prefaces. In the preface to the first edition, published in March 2000, the Yale economics professor argued that "the present stock market displays the classic features of a speculative bubble." In the second, published in March 2005, he warned about "the enormous home price boom that many countries have ...
