The amount of a particular disease that is usually present in a community is referred to as the baseline or endemic level of the disease. This level is not necessarily the desired level, which may in fact be zero, but rather is the observed level. In the absence of intervention and assuming that the ...

We all want to succeed. And a path to success is to identify the habits that can help us on our journey. I recommend starting this path by reading Stephen Covey's™ bestseller, "The 7 Habits of highly Effective People pdf". At its first publication in 1989, The 7 Habits of Highly Effective People pdf was an almost instant bestseller. And it quickly became a permanent part of the cultural ...

Conservation biology is the management of nature and of Earth's biodiversity with the aim of protecting species, their habitats, and ecosystems from excessive rates of extinction and the erosion of biotic interactions. It is an interdisciplinary subject drawing on natural and social sciences, and the practice of natural resource management.: 478 The conservation ethic is based on the findings ...

Guidance for FDA Reviewers and Sponsors

Hazard Analysis and Critical Control Points, or HACCP (/ ɛˈh ɑːs ɛtʃ p /), is a systematic preventive approach to food safety from biological, chemical, and physical hazards in production processes that can cause the finished product to be unsafe and designs measures to reduce these risks to a safe level. In this manner, HACCP attempts to avoid hazards rather than attempting to inspect ...
